

## St Vincent Place

A true sculptural masterpiece. St Vincent Place is the result of advanced craftsmanship and an intricate contemporary design. A curved profile features geometric strings and an open rise. American Oak treads and a sweeping continuous handrail strike an elegant balance between the rich timbers and steel balusters.

Products used in this project –

[Stair Type 3E](#)  
[S25 \(16mm x 16mm\)](#)  
[HR04](#)

TREADS  
66MM AMERICAN OAK
