

S&A Stairs

Symon Crescent

Vibrant Blackbutt timber and a custom design black steel balustrade running seamlessly between flights make a bold impact at Symon Crescent. The mixture of these elements and using a number of clever design considerations, make the stair a striking feature of this residence.

Products used in this project —

[Stair Type 2C](#)

[HR07](#)

[BR01](#)

TREADS

32MM BLACKBUTT

RISERS

32MM BLACKBUTT
